

# PROFIBUS & PROFINET

USER CONFERENCE JUNE 2009

Based on the feedback gained over the previous years, 2009 promises to be better-than-ever! Totally user-focused, it will take place June 16 & 17 at Stratford Manor, Stratford-upon-Avon, Warwickshire. The hotel sits in its own 21 acres of grounds just 5 minutes from junction 15 of the M40 within easy reach of Birmingham International Airport. It has recently completed a multi million pound refurbishment to give all the benefits of a modern hotel making it a great base for our Conference.

## Comprehensive Educational Programme

Featuring a comprehensive, multi-stream educational programme that will lead Users through PROFIBUS and PROFINET from the basic technology through to its use in real world industrial and process applications, this two-day Conference features application-oriented technical sessions and hands-on workshops presented by technology experts and experienced users and systems builders drawn from a wide variety of application areas.

Covering the latest developments in PROFIBUS, PROFINET and PROFIsafe technology for factory and process automation, the programme places great emphasis on serving the needs of the User community, i.e. companies that own, operate, design, build or maintain manufacturing facilities and process plant. The aim is to assist companies making the transition from conventional to fieldbus systems as easy (and jargon free) as possible.

These sessions will include audience participation and so there will be opportunities to explore for yourself how PROFIBUS and PROFINET equipment and techniques are used in practice. The carefully organised schedule means that you can attend hands-on sessions without having to miss an important presentation. The event is supported by a free of charge exhibition with interactive displays and technology demonstrations from the UK's PROFIBUS Competence Centre and leading product vendors, trainers, consultants and systems integrators.

## Who Should Attend and Why?

The programme of parallel conference presentations, hands-on practical sessions and exhibition mean that this event is a "must" for anyone involved in, or thinking about, fieldbus, intelligent instrumentation and actuation, or networked control systems applications. Supported by live demonstrations of actual tools used in calibration and maintenance, the programme will be of great value to Instrument Technicians/Engineers, C&I Engineers and System Engineers involved in design, operation and maintenance of modern process and manufacturing plant. A Certificate of Attendance will be issued to all delegates to add to their professional training records.

## Free Prize Draw

All Delegates will be entered into our free Prize Draw with the opportunity to win valuable prizes including places on the Certified PROFIBUS Installer and Commissioning and Maintenance Courses donated by Andy Verwer of the PROFIBUS Competence Centre at MMU.

## Your Questions Answered

To ensure that no-one leaves with questions unanswered, we give pre-booked Delegates the chance to pose their questions in advance of the Conference so that our speakers can adequately research and address them during the sessions. Log onto [www.profi-bus.co.uk/Index.asp?PageID=206](http://www.profi-bus.co.uk/Index.asp?PageID=206) for details.

## Conference Registration

Complete and return the faxback form on the last page. In case of difficulty contact Registration by Email to [admin@uk.profibus.com](mailto:admin@uk.profibus.com) or tel: +44 20 7193 8018

## FREE Admission to Exhibition

Admission to the Exhibition is free-of-charge to pre-registered visitors. For an admission badge, email name and contact details to [admin@uk.profibus.com](mailto:admin@uk.profibus.com) The Exhibition opens daily from 9.00 am.

## Keeping up to date about the Exhibition and Conference

Send a blank email to [profibus.mailings@btopenworld.com](mailto:profibus.mailings@btopenworld.com) with the words "SUBSCRIBE PROFIBUS" in the subject line to be added to the mailing list to be kept informed about the conference and exhibition arrangements.

## Further Information

Further information on the Conference is at [www.profi-bus.co.uk](http://www.profi-bus.co.uk), Stratford Manor can be found at <http://www.qhotels.co.uk/hotels/stratford-manor-stratford-upon-avon-warwickshire/> while information on the region is at [www.shakespeare-country.co.uk](http://www.shakespeare-country.co.uk)

Check it on the web at [www.profi-bus.co.uk](http://www.profi-bus.co.uk)

"What an excellent conference! I got lots out of it, including some very good workshops and presentations. Many thanks for organising."  
Robin Lennox, South West Water

"A very well organised and very informative conference. Provided me with good ideas to progress the future development at Dunlop Oil and Marine."  
Andy Stanley, Dunlop Oil and Marine

"A superb event, very informative, a "family feel" environment. Thank You."  
Ian Durham, Morgan Est

"Well Organised. Superb Venue. Excellent Presenters."  
Dave Pugh, Consult & Train
